Kolkata 17

Dated : 28.08.09

Sub : Satisfaction Letter

Dear Sir,

M/s. BKB Transport is one of the major fleet operators in Eastern region specialized in mining and excavation works. Our fleet size comprises of 110 vehicles and 63 Construction Equipments.

Last year in the month of March we had added 35 nos. of Terra 16 HDR for transportation of Ash and Coal in Phusro near Bokaro and we are pleased to put on the record that we are very much satisfied with the performance of these vehicles. We are getting a mileage of 3 to 3.5 KMPL in these vehicles.

We get a very good service support from VE Commercial Vehicle Ltd. and we are being supported during any emergency and request. We have seen the consistent performance in Eicher Vehciles and look forward to increase the Eicher vehicle share in our fleet.

We thank the entire team and wish all the success.
