Eicher Motors,  
Hyderabad.

Sub: Performance Eicher 10.90 vehicles reg;

We have our own fleet of ten Eicher 10.90 vehicles, using for cargo application. We are very much satisfied with the vehicles performance and fuel average. The vehicles are getting mileage 8.50 Kmpl which is very high than any competition vehicles.

Our drivers are expressing comfort with the vehicles pickup and good fuel averages. We are much thankful for the prompt and timely service support, which we are getting from EML Service Engineer and Shivani Automobiles (EASC) Kurnool.

In future we would like to purchase Eicher 10.90 vehicles only, we believe Eicher vehicles as mileage- ka- badshah (Mileage king).

With regards
