Dear Sir,

It is my great pleasure to share my feelings about the workshop conducted by your people led by Mr. Gajendra Ukey. It was second workshop of its kind. There were a lot of positive changes incorporated in the 2nd One. They have covered technical details of proper maintenance activities along with operational care of the Eicher Truck. It has been of immense benefit to all of us. In this context, I would like to request you to send two copies of service manual for proper maintenance of the vehicle.

Thanking you once again.

With regards,

Jayantia Mazumder
